PROFILE

I recently studied web development with a focus on E-commerce and website design at Medieinstitutet, graduating in May 2024. Since then, I have done freelance work and completed jobs for an Australian company. I possess strong creative and analytical skills and am a team player with an eye for detail.

EXPERIENCE

FREELANCE

May 2024 - Current

The Marketing Sales Group - I'm working on maintenance for their website, creating new pages and bug fixes.

TMSG's website : <https://themarketingsalesgroup.com/>

REACTULY

October 2023 - May 2024

During this project I develop and design the website
Mento.social: <https://www.mento.social>

ACADEMIC BACKGROUND

MEDIEINSTITUTET

Vocational College Degree / May 2024

During my education at Medieinstitutet, I learned how to handle databases, build responsive websites, and work with APIs for backend systems. The program covers both frontend and backend development, with an emphasis on backend.

TUMBA HIGH SCHOOL

High School Engineering degree 2020

In this program, I received training in both frontend and backend development.
